ODA

ARGIVA bigis inſide gemmeis,
Vaccasq́ longa pungito cuſpide,
Nec parce verbis; & celeri rota
Ad miſeras penetrato terras.
Te poſco IVNO, te volo SAMIA,
Opto ſerenum, nunc miſer, æthera,
Opto cluentem CASTOREM, & HELICEN,
EVMENIDVM timeo tenebras.
POLLVCE lætor, qui perit altero
Surgente. nolunt conſpicier ſimul.
Iſthic triumphis invidet illius.
Quod facit hic, facit ille rurſus.
Si forſan obſtant frange repagula.
Nil ſit ſeniſtri. diſpereant ſtriges,
Cæloq́ ORION exulat imbrifer.
Perſeus & fugiat Dianam.
Hædiq́ Olympi ne teneant plagas
Sit phœbus alto pulcher in æthere
Terramq́ luſtret lampade fulgida.
Sin nimis hoc, cluet ipſe PETRVS
Heic nunc triumphus, quiliqet huic evax
Acclamet, omnis clamitet huic io,
Pæanq́ Byrſa immurmuret algida,
Rhenus evax ſonet ipſe fluctu.
Illuſtre veſtræ vox Patriæ decus,
Claroq́ creti ſanguine nobiles,
Quos alma virtus nobilitat quoq́
Ne pudeat geminare Pæan.

Hic vos ad vndas duxit Hiantias.
Hic vos ad ipſum Caſtalidum gregem
Deduxit, alti culmina Mænali
Indicat, hic Helicona monſtrat.

Doctrina veſtras auget imagines,
Exornat arces Pallas Ithonia,
Phæboq; junctus Mars rapit omnia
Inſtar aquæ rapidiq; venti.

Immitte ſervos Aeole Daniæ
Qui tanta amicis gaudia nuntient;
Nec Rhene PETRI conticeas mitram.
Oceanus ſciat hos honores.

Rellinque Apollo ſpicula, & ocreas,
Sylvaq; cervus tutus obambulet,
Nec figat aprum lancea, ſed chelyn
Pro pharetra capias ſonoram.

Et ſi ſororem (quæ tibi jungitur
Semper,) per alpes, & juga montium
Paſſis capillis currere videris,
Præcipiteis inhibeto curſus.
Si valle prona flumina quæritat,
Voces nec audit, nec tua lumina
Ipſam videbunt, organa pollice
Tange, ſonum celer inſequetur.
Omnes ſequentur queîs Berecynthia
Mater miniſtrat pabula, beſtiæ.
Poſſunt Camænæ maxima. curſubus
Adveniet fatigata multis.
Quis ludus iſtis alpibus? inquies,
Huchuc adeſto, altaria Palladis
Fumant, Camænis eſt ſacer hic dies,
Funditur heic Genio meracum.

Ten-

Toruos obuncis Agricolæ boues
Feſto leuabunt vomeribus die,
Nec terga muli pondera perferent,
Saltet equus riguos per agros.

Paſtorq́ue apricis lætus in alpibus
Cantat Lycorin carmine ruſtico(
Eſt quale nobis) hæc Tytirum ſuum,
Vel celebrat Corydona fallax.

Huc huc Apollo Theſpiades voca;
Commendet iſthunc vox tua Palladi
Quem non remittet næ ſine laurea,
Nam meritus benè veſtra dona.
Motus Olympi, & ſydera ſedulò
Scrutatus olim; moribus hic cluit,
Doctrina amoenus, ſemper adorea
Vnde oritur peritura nunquam.
Iudæa quidnam quod PETRE neſcias
Scripſit? Pelaſgi quæq́ue notauerant
An te latebunt? hiſtorias negas
Num Latiæ didiciſſe doctas?
Thaleia cingas tempora bdellio,
Si arridet aurum, fac niteat caput,
Myrrhamq́ue ſpirent Aſſyriam coma,
Nam meritus benè veſtra dona.
Impone baccis Palladis arborem,
Laurusq́ue oliuam augebit honoribus,
Phœbus Mineruæ perpetuus comes,
Hæc labijs premit ora Phoebi.
O PETRE quis te fauſtior igneis
Viuit ſub aſtris? quis mage laudibus
Laudatur? & quem nunc tibi conferam?
Plura loqui piget ora noſtra,
Res ipſa teſtatur. Tibi gratulor,

EIVSDEM AD *EVMDEM*

Ecquis te tanto capitis velauit honore?
Vndeq; phœbæa tempora fronde cluunt?
Num PETRE ſacra Ioui facies? Saturnia proles

Sint licet ex hedera vittæ, non Orgia Bacchi
